Art Unit: 3662

1. Claims 9-15 are allowable over the prior art of record.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In independent claim 1 as newly-amended, the deletion of the definite article "the" before the term "clutter-suppressing means" on line 10 of the claim raises a question as to whether the "clutter-suppressing means" on line 10 of the claim is different from the "clutter-suppressing means" on line 2 of the claim due to the deletion of the antecedent basis link between these two uses of the term "clutter-suppressing means" in the most-recent amendment. If these two uses of the term "clutter-suppressing means" refer to the same feature of the claimed invention, then the claim language must be amended to make it clear that the reference on line 10 of claim 1 to the "clutter-suppressing means" is to the same "clutter-suppressing means" as is mentioned on line 2 of claim 1. Otherwise, if there are two different features in view, then the claim language must be amended to clearly recite that there are two different "clutter-suppressing means" units.

Dependent claims 2-8 are unclear at least in that they depend from unclear independent claim 1.

4. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. Claims 2-8 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
